

Explorer.exe is not opening due to server fail problem

Corrupt files can cause a problem with Windows Explorer. To fix this error please follow these instructions:

1. Press Windows + R
2. Type Control Panel on the Run Box
3. Go to Search and type File Explorer Options
4. Click the View tab
5. Place a check in the option to "Always show Icons, never thumbnail"
6. Remove the check for the option to "Display file icon on thumbnails"
7. Click Apply and OK

However considering you have already purchased Restoro and would like us to assist you in doing that utilizing a remote session, please contact our support and they will be happy to help you.
