

How to fix Outlook Error Code 3399614466?

1. Try to login to Outlook Web App and see if your account can be signed in. If you cannot sign into OWA, your account may have issues, you need to check your mailbox provision status and the product license assignment.
2. Try to recreate a new Windows user profile and check if issue still persists.

However considering you have already purchased Restoro and would like us to assist you in doing that utilizing a remote session, please contact our support and they will be happy to help you.
