

How to Fix taskbar not showing on all second monitor

1. Open the **Start menu** and choose **Settings**.
2. When Settings opens, select the **Personalization** option on the left panel.
3. Scroll down and expand the **Taskbar** menu.
4. Click to expand the **Taskbar behaviors** menu.
5. Check the **Show my taskbar on all displays** option.

Now the taskbar will display on each monitor you have connected to your Windows 11 system.

However considering you have already purchased Restoro and would like us to assist you in doing that utilizing a remote session, please contact our support and they will be happy to help you.
