# How to make text larger in Microsoft Edge

To enlarge a single web page in Microsoft Edge, select **Settings and more** and then choose **Zoom in** , **Zoom out** , or **Full screen** .

Or use the following keyboard shortcuts:

Press this	To do this
Ctrl + **plus sign (+)**	Zoom in by 25%
Ctrl + **minus sign (-)**	Zoom out by 25%
Ctrl + **zero (0)**	Reset zoom level to default
Ctrl + **Scroll wheel up**	Zoom in
Ctrl + **Scroll wheel down**	Zoom out
F11	Switch between full screen and exit full screen

To set the default zoom level for all websites in Microsoft Edge, go to **Settings and more** > **Settings** > **Accessibility** and select the desired zoom level from the drop-down menu under **Page zoom**.

Easily manage zoom levels for specific sites by selecting **Zoom levels**.

You can also enlarge text in Windows. Changes you make here will apply to most of the text on your device.

- In Windows 11, select **Start** > **Settings** > **Accessibility** > **Text size**. Drag the slider until

the sample text is easy to read, then select **Apply**.

- In Windows 10, select **Start** > **Settings** > **Ease of access** > **Display** > **Make text bigger**. Drag the slider until the sample text is easy to read, then select **Apply**.

However considering you have already purchased Restoro and would like us to assist you in doing that utilizing a remote session, please contact our support and they will be happy to help you.
