

How to rearrange multiple displays on Windows 10

To rearrange monitors on Windows 10, use these steps:

1. Open Settings.
2. Click on System.
3. Click on Display.
4. Under the "Select and rearrange displays" section, drag and drop each display to rearrange them according to their physical layout on your desktop.

If you encounter some difficulties following the steps above, considering you have already purchased Restoro or you are someone who is in need of assistance on your computer, please contact our support and they will be happy to help you.
