

How to receive files over Bluetooth

1. On your PC, select **Start** > **Settings** > **Devices** > **Bluetooth & other devices**.
 2. Make sure the device that files will be sent from appears and shows as **Paired**.
 3. In Bluetooth & other devices settings, select **Send or receive files via Bluetooth** > **Receive files**.
 4. Have your friend send the files from their device.
 5. On your PC, on the **Save the received file** screen in Bluetooth File Transfer, select the location to save the files to, then select **Finish**.
