How to restore File Explorer to default settings in Windows 11

1. Open This PC or any folder located anywhere on your PC.
2. Click on the three dots (refer to the picture below) in the toolbar and then click **Options** to open Folder Options.
3. Under the **General** tab of Folder Options, click the **Restore Defaults** button.
4. Switch to the **View** tab. Here, click on the **Restore Defaults** button to reset File Explorer view settings to default.
5. Click on the **Search** tab to see the search settings. Once again, click on the **Restore Defaults** button to restore search settings to default settings.

However considering you have already purchased Restoro and would like us to assist you in doing that utilizing a remote session, please contact our support and they will be happy to help you.
