

How to set a default Folder View for all folders in Windows 11

- Open **File Explorer** by using key combination **Windows Key + E** and navigate to the folder you want to use as a source for view layout settings.
- Open a folder, then set the view the way you like it to be.
- Click the 3 dots at the top of File Explorer and select Options
- On the resulting dialog, select the View tab and click the 'Apply to Folders' button.
