How to Show or Hide Icons in the Windows 10 System Tray

How to Show Hidden Icons

1. Click the ^ icon that's located to the left of the System Tray icons to open the expanded tray.
2. Click and hold an icon from the expanded System Tray.
3. Drag the icon into the standard System Tray.
4. Release the left mouse button.

How to Hide Icons

1. Click and hold an icon in the System Tray.
2. Drag the icon to the ^ icon.
3. Position the icon where you want it in the expanded System Tray.
4. Release the left mouse button.

However considering you have already purchased Restoro and would like us to assist you in doing that utilizing a remote session, please contact our support and they will be happy to help you.
