

# How to sign in to a Local Account instead of a Microsoft Account in Windows 11

Signing in to a Local Account in Windows 11 will basically disable all the background telemetry and tracking services.

1. Hit Windows + I hotkey to launch Settings App
2. Go to **Account > Your info** section
3. Tap **Sign in with a local account instead** option
4. Follow onscreen instructions

*However considering you have already purchased Restoro and would like us to assist you in doing that utilizing a remote session, please contact our support and they will be happy to help you.*
