

How to toggle the Start Menu's App and Item Features On/Off

1. To open **Settings**, press the **Windows** key + **I** hotkey.
2. Click **Personalization** on the left side of Settings.
3. Then you can click the **Show recently opened items in Start, Jump Lists, and File** option's toggle button on or off to disable recommended files.
4. To change how the Start menu displays apps, click the toggle buttons on or off for the **Show the most used app** and **Show recently added apps** options.
