

# How to use a custom background image in the Lock screen

To use a custom background image in the Lock screen, use these steps:

1. Open **Settings**.
2. Click on **Personalization**.
3. Click the **Lock screen** page on the right side.
4. Use the "Personalize your lock screen" setting and select the **Picture** option.
5. Click the **Browse photos** button.
6. elect the image to set as the new Lock screen background.
7. Click the **Choose Picture** button.
8. Clear the **Get fun facts, tips, tricks, and more on your lock screen** option.

After you complete the steps, the Lock screen will show the image you selected in the settings.
