

System Restore error code 0x81000203

Restarting the Volume Shadow Copy service can help fix this issue:

1. Press Windows + R
2. On the Run Box type services.msc and click OK
3. Scroll down the list of services and right-click on **Volume Shadow Copy**
4. **Select Restart**

However considering you have already purchased Restoro and would like us to assist you in doing that utilizing a remote session, please contact our support and they will be happy to help you.
