

# What to do if Microsoft Edge opens but stops working?

Here are some solutions to common problems with the Microsoft Edge.

- Make sure Microsoft Edge is up to date
- Scan your device for malware
- Restart your computer
- Verify that third party security software is up to date
- Clear browsing history and cached data
- Clear all browsing data
- Fix network issues and report website problems

*If you encounter some difficulties along the way, considering you have already purchased Restoro or you are someone who is in need of assistance on your computer, please contact our support and they will be happy to help you.*
