

What to do if Windows 11 2022 Update Is Not Showing up in Windows Update

Windows 11, version 22H2 is not showing up in Windows Update is another update issue you may encounter. Here, you should know that Microsoft doesn't release this update to all Windows 11 eligible computers at the same time. So, it may be not an issue when you can't see Windows 11 2022 Update in Windows Update.

If you want to install Windows 11 22H2 on your device immediately, you can download a Windows 11 2022 Update ISO file and install Windows 11 using ISO.

If you are not particularly anxious to update the system, you can wait about a month. At that time, the features of tabs in File Explorer will also come.
