

What to do in case the printing is unusually slow?

There are two possible problems with the print queue:

- There are many documents ahead of yours in the print queue.
- There is a damaged document ahead of yours in the print queue and it is blocking the printing of all the documents that follow it.

However, as one of our valued customers, we would like to extend our service and provide you a quick resolution, please contact our Support team now, and they'll be more than happy to help you.
